CROPS ARE GOOD AT MYRTLE GROVE

GARDENS DOING NICELY AND EARLY TRUCK WILL SOON BE ON THE MARKET.

Special to The Journal.
Myrtle Grove, April 25.—The gardens are doing nicely now. There are some farmers who hope soon to behold a well-filled market wagon of corn, watermelons, etc., from their fertile fields. Up to the present there have been no insects to molest the plants, but small caterpillars have invaded the forest and in some places have completely devoured the Oak leaves.

The Sunday school choir which was organized recently, met at the home of Mr. W. J. Tanton last Wednesday night and a good practice was enjoyed.

The many friends of Mr. Ran Boyett are pained to know that he is very ill at the home of his son in Pensacola, having been taken there last Tuesday for the convenience of his physician.

There was preaching services at the Union Hill Baptist Church last Sunday and there was probably the largest crowd that has been present for a couple of years. The Baptizing service was largely attended.

Among the visitors here Sunday were the following: Prof. I. E. Allen, wife, son and daughter, of Brent; Mr. and Mrs. Hines Cravey, Misses Martha and Eva Cravey, of Pensacola; Mr. and Mrs. R. P. Butler and daughter, Miss Pearl, of Pensacola; Mr. Henry Pfeiffer, Mr. Wolfe, both of Pensacola; Mr. and Mrs. Geo. Westmore, Mrs. H. C. Lewis, Miss Bessie Rette, Mr. Ed. McNair, Miss Lizzie Fell, all of Millview; Mr. R. Simmons, Mr. and Miss Allie Suarez, Mr. James Loury, Miss Ella Nooney of Pensacola, and many more too numerous to mention. At the services in the afternoon two joined that body. They will be baptized on the fourth Sunday of next month.

Mr. E. C. Caro and family, have removed to the Etheridge place instead of Mr. Atkins and wife, as was stated last week.

DISCRIMINATING LADIES

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide evidently cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. For sale by W. A. D'Alemberte, druggist and apothecary, 121 S. Palafox. Send 10 cents in stamps for sample to The Herpicide Company, Detroit, Mich.

Rich American Cut Glass

If these sparkling pieces were ticketed with the usual price marks, this might still be told with interest. For art's and beauty's sakes.

The deep prismatic cuttings in the faultless metal of the bigger pieces are singularly rich and effective, while the simpler handicraft as exhibited in the smaller pieces possesses dignity and charm.

They look fine—and they are. And the prices tempt the "hardest fisted." The sale lasts the week.

WIND ATTAINED HIGH VELOCITY

AND CONSIDERABLE DAMAGE WAS DONE, ALTHOUGH WARNINGS WERE DISPLAYED.

The storm of yesterday, which commenced at an early hour, did considerable damage in the city and harbor. At one time the wind attained a velocity of forty miles an hour. This was shortly after 10 o'clock in the forenoon, and large quantities of timber broke away from the rafts in the harbor and drifted ashore.

The timber merchants, as a rule, however, had most of the timber in their storage booms, and to this there was no damage or loss. In the city a number of shade trees in various sections of the city, were blown down, falling across the sidewalks and streets, and causing the street force to work in the rain to clear them away.

The weather department received warning Monday of the approach of the storm, and gave notice at that time of the approach of the heavy gale.

Yesterday's bulletin, which was issued late on account of wire trouble, read as follows:
"Brisk to high southeast winds have continued throughout the morning at Pensacola, reaching the storm warning limit, thirty-six miles at 9:45 a. m. At 10:19 a. m. a velocity of forty miles was registered. Another storm of marked intensity is in evidence in northern Montana, with a pressure of 29.74 inches at Havre. The late issue of the morning map was occasioned by wire trouble. Many inquiries have been received concerning the movement of lighters from St. Andrews Bay and other points; it is advisable not to attempt movement of these until the atmospheric conditions of Thursday morning are cleared."

A Dandy for Burns.

Dr. Bergin, Pena, Ills., writes: "I have used Ballard's Snow Liniment; always recommended it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, \$1.00 bottle. Sold by all druggists.

NOTICE TO THE PUBLIC.

It has come to my attention that certain parties were soliciting patronage by intimating that they were connected with, or operating, the Merchant's Transfer Co., I want it distinctly understood that I am the sole owner of the Merchant's Transfer Co., and that I am in no way, shape or form connected with any other transfer company in Pensacola.

LEMP'S

Beer needs no words of recommendation and praise before the public. A beverage as brewed by that extensive firm is like U. S. currency—people take it because they know it is an

Excellent

and genuine article, and that, like pure air and nutritive food, it is beneficial to health. Because the beer of the Hofbrauerer in Munich is delicious, men, women and children are seen waiting for hours to be served, because the supply of

Beer

is not equal to the demand. Even so with Lemp's product. Located at St. Louis he established one of the largest breweries in the world, and yet every year the capacity has to be increased.
